

## THANK YOU

We believe that victims of crime or tragic events should be well supported and empowered to make informed choices. By giving hope through education and support, while promoting healing through counselling and advocacy, we can empower victims and prevent further trauma.

DEAR PAT, & BPW Brampton,

On behalf of the  
Board of Directors, our staff team,  
and many clients we serve,  
thank you once again for your  
generosity and support of our agency.  
Your confidence in our work truly helps us make a  
difference in the community of Peel.

**VICTIM SERVICES OF PEEL**  
Help. Healing. Hope.
